WILL BUILD STEEL BRIDGE

JOINT MEETING OF COMMISSIONERS OF ESCAMBIA AND BALDWIN COUNTIES HELD LAST NIGHT AT COURT HOUSE.

A joint meeting of the County Commissioners of Baldwin and Escambia counties, was held last night at the county court house, when the matter of repairing the old bridge across Perdido river, or the construction of a new one, was discussed at some length. All of the commissioners from Escambia, with the exception of Commissioner Sennott, who is sick, were present, and Commissioners O. E. McMillan and T. J. Holman, of Baldwin, represented that county.

The question of the bridge was thoroughly investigated and it was finally decided to have a steel bridge erected. The old bridge is in a dilapidated condition, and not worth repairing, while the cost of constructing another of similar character would fall not far below that of building a steel bridge. Consequently the commissioners of both counties decided to construct a steel bridge, and bids will be asked for the same at an early date.

In erecting this bridge it has been decided to carry out the old agreement between the counties, that of each county bearing one-half of the expense.

CHARGED WITH SELLING LIQUOR

MRS. KATE HAMILTON TAKEN INTO CUSTODY SUNDAY BY DEPUTY SHERIFF SAUNDERS.

Mrs. Kate Hamilton, who conducts a saloon on South Palafox street, was arrested Sunday morning by Deputy Sheriff Sanders and Special Officer Ray. She is charged with selling liquor on Sunday, contrary to the laws.

The officers made a raid upon the place about 10 o'clock when it is charged, they found twenty or more persons in the saloon drinking. Mrs. Hamilton was placed under arrest, but later gave bond in the sum of \$250 until a preliminary trial can be held.

A number of those who were in the saloon at the time were summoned in the case.

A Fearful Fate.
It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that I am Blind, Bleeding, Itching and Protruding Piles. Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

SYSTEM OF ACQUEDUCTS FOR ISTHMUS OF PANAMA

Panama, June 26.—A system of aqueducts, which will give the isthmus a supply of pure water was inaugurated this afternoon. It will be officially inaugurated July 4, when there will be a great rejoicing.

C. H. Barrineau, Quintette; T. J. Holman, Baldwin County, Ala.; Chas. F. Young, New Orleans; W. A. Coulson, Mobile; Geo. Geisner and wife, New Orleans; C. L. Andrews and daughter, Gulfport, Miss.; V. J. Stenz and wife, New Orleans; R. Harvey, New Orleans; L. D. Walton, Moss Point; R. W. Walton, Moss Point; C. E. Walton, Moss Point; J. C. Corruthers, Valdosta, Ga.

Rev. B. C. Glenn, of the Palafox street Methodist church, addressed a large crowd at the Salvation Army tent on Seville Square last night and will preach again this evening at 8 o'clock. There were several professions of the intention of those who are being baptized.

To get perfectly pure flavoring extracts demand Blue Ribbon Lemon and Vanilla. Takes less. Flavors perfectly.

J. ED. WATSON IN COUNCIL

POPULAR ENGINEER WAS YESTERDAY ELECTED TO FILL VACANCY ON CITY COUNCIL CAUSED BY RESIGNATION OF ALDERMAN GINGLES.

The city council met in special session yesterday at noon and accepted the resignation of Alderman C. H. Gingles who was elected street superintendent by the Board of Public Works last week.

J. E. Watson, the well known L. & N. engineer, was elected alderman at large from precinct 12 to fill the vacancy caused by the resignation of Alderman Gingles.

The Council Meeting.
There were present at the meeting Aldermen Maura, Muldon, Hays, Cahn, Wright, Christie, Reilly, D'Alemberte, Yonge, McHugh and Baars. Mayor Bliss presided.

The resignation of Alderman Gingles was read and accepted and Alderman Cahn then nominated J. E. Watson to fill the vacancy. Mr. Watson's election was unanimous.

By unanimous consent, Chairman Reilly reported for the franchise committee, that the necessary money for the employment of two additional sanitary inspectors which had been asked for during the summer months was available.

By unanimous consent, Alderman Yonge introduced a resolution, which was carried, instructing the city attorney to compile and codify all the charter amendments and special and general ordinances which had been passed since 1902.

The council then adjourned.

The Uncomfortable Collar.

"I don't know what is the matter with these collars," said Stuartboy to the salesman. "They seemed all right when I bought them yesterday. But I had to use a button hook to connect them with my collar button this morning. They fit as though they were intended for my little brother."

"There are two ways to put on a collar," replied the salesman, "and you seem to have chosen the wrong way. I noticed it when you were here yesterday, but it was not up to me to tell you. I've been jumped on for volunteering that information more than once. Most men think it does not make any difference whether you button the right side or the left of a collar first. It makes all the difference in the world in the comfort and set of the collar, no matter what shape it is. Undo that collar you are wearing, button the right side first, and you'll be glad you're alive."—New York Press.

Kneeling Horses.

In ancient times, before the invention of stirrups and luxurious saddles, horses were taught to kneel to permit their riders to mount. A beautiful Greek vase in one of the museums in St. Petersburg shows a war horse of many centuries ago kneeling low before an amazon. The riders in those days mounted from the "off" side in contradiction to the modern usage. Plutarch tells how in the first century of this era certain effeminate Roman riders found even the horse block of too little assistance and had their horses trained to kneel to them.

UNNA DEFINES A CAUSE.

European Skin Specialist Says Dandruff is Caused by Parasites.

Upon that theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all "took a hand" and the successful issue is the present product known as "Newbro's Herpicide."

This remedy actually kills the parasite that infests the hair bulb, does its work most effective and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.

Sold by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox street, Pensacola, Fla. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

TRADE MAY BE OPENED UP

BETWEEN PENSACOLA AND SPANISH HONDURAS, AS PROMINENT MAN IS HERE LOOKING OVER CONDITIONS.

A permanent line of vessels, plying between Pensacola and Spanish Honduras, may be established at an early date, and steps have already been taken in this direction, which may result in the establishment of such a line.

Louis A. Pee, a prominent shipper of Honduras, who deals extensively in lumber, is in the city on such a project, and has been in conference during the past few days with prominent exporters of Pensacola, principal among whom are the leading men of the German-American Lumber Company. Yesterday Mr. Pee spent several hours in consultation with H. H. Boyer, and while nothing of a positive nature could be learned, it was stated by reliable parties that trade between Pensacola and Honduras would not doubt be opened, and that too, at an early date.

Other gulf ports are reaching out for this business and there is no reason why Pensacola should not do likewise.

It was stated that a regular line of vessels would be put on, at least that the intention of those who are behind the movement.

Low Wallace's Unwritten Novel.

General Low Wallace had in mind an American novel. He once said that it was his intention to write this story after he had completed his memoirs. His theme was the striving of Americans to accomplish wonderful things in an incredibly short time. His hero was to be a restless American who lived for a few years in Europe, then in Australia, in Africa and in South America and who finally, after years of wandering, returns to his own country only to start again upon his journey, never satisfied, never happy, the spirit of an Indian within him and the childlike desire to see new scenes. In each of these countries his hero was to accomplish worthy deeds, and when he returns to his own country it is with the intention of leading the life of a son of the soil, but his hero finds he cannot do so. The story would have been suggestive of "The Wandering Jew," with the element of religious controversy eliminated.—Success.

A Stickler For Promptness.

A certain merchant in Boston is noted for being a stickler in the matter of promptness to the extent that he has been known to walk out of church because the services did not begin promptly and to leave his sister alone in a strange city because she was four minutes late in keeping an appointment. Not long ago he overheard a forceful exposition of his peculiarity.

He had walked out to his stable and was about to go in when he heard the new groom within say to the coachman, "Is it true, Dolan, that the boss is cracked about doing things on time and goes into a fit when anybody is late?"

"True? True?" cried Dolan. "Let me tell you, Ryan, how true it is. If the boss had promised to mate himself at eleven o'clock and was late he'd find himself gone when he got there. That's how true it is!"

Leprosy.

Smallpox, or variola, was not known to the Romans before the sixth century. Leprosy is as different from it as palsy is from St. Vitus' dance. What is this awful disease? Something endemic, chronic, malignant, with cutaneous lesion. It is a scabious affliction of a dreadful character, attacking nations negligent of cleanliness and the decencies of life. All that France and England gained by engaging in the crusades was leprosy, and of all that they took leprosy was the only thing that remained with them. In olden times every man laboring under the disease was imprisoned like a thief or a robber. Moth holes and the mildew on walls were believed to be the effects of leprosy.—New York Press.

THE BOARD OF WORKS

REGULAR SESSION WAS HELD YESTERDAY AFTERNOON—MR. BURNS TO HOLD OFFICE UNTIL JULY 1.

A regular meeting of the Board of Public Works was held yesterday afternoon, convening at 5:30 o'clock, and remaining in session for about two hours. Chairman Turner presided, and Mayor Bliss and Mr. Zelius were present.

There was considerable business before the board, but all of it was of a minor nature. After the minutes had been disposed of quite a number of communications were read and filed.

The question of the time when the newly elected superintendent should succeed the present incumbent, John Burns, was then discussed. After some talk it was decided that Mr. Gingles take charge on July 1, relieving Mr. Burns.

Hon. John S. Beard appeared before the board and spoke in behalf of the Daughters of the Confederacy who are endeavoring to improve R. E. Lee square. It was requested that an appropriation of \$300 be made with which to construct cement walks through the square, together with other improvements. The board recommended that the council grant the appropriation.

Various real estate men petitioned that the board clear the extreme eastern portion of Jackson street. The matter was referred to a committee for investigation.

A large number of applications were read from parties desiring positions under the board, but all were filed subject to call.

Complaints were made to the board that the Brent road, one of the finest driveways in the city, was getting into a very dilapidated condition, and that unless repairs were made at an early date it would cost the city much money to place it in condition. The board appointed a committee to investigate and make an estimate of the work needed.

Contracts for the feed of the stock in the department were opened, and the contract for the coming month awarded to J. E. Dubuisson & Co. A communication from the Street Railway Company requesting permission to remove some poles from the sidewalk in front of the new Y. M. C. A. building, was read, and the request granted. This company was also granted permission to cut down some trees which interfered with its wires.

WILL PLAY BALL TO-DAY

Two games of baseball between the Pensacolas and the crack Bernhardt team of New Orleans, will be played to-day and to-morrow, and it is expected that a large crowd will be present to witness the contests. The visiting team arrived in the city last night on the excursion from New Orleans, and will remain until to-morrow night.

The Bernhardt team is considered one of the strongest semi-professional teams in New Orleans, but will have to play fast ball in order to defeat the strong local nine which has been gotten together. The Terminal company has arranged to give extra accommodations upon this occasion. The lineup of the team will be as follows:

Pensacola—McCaughy and Shields, pitchers; Lorton, catcher; Oliver, first base; Sanchez, second base; Sullivan, third base; Tonart, short stop; Blecker, left field; Brent, center field; Fitzpatrick, right field; Harris, sub.

New Orleans—Duplain, left field; Wallace, center field; Valdarieb, right field; Maloney, catcher; Schneider, pitcher; Arhelzen, short stop; Madere, first base; Baehr, second base; Markel, third base; Switzer, substitute and pitcher.

MORE EVIDENCE.

It is coming in rapidly in Pensacola. Evidence on the following subject will prove of interest to every Pensacola reader. So many people go through the same experience daily. This public statement should be proof positive to every wavering doubter. Read it carefully:

John Stearns, ship carpenter by trade, living on West Zarragossa street, says: "Doan's Kidney Pills proved more than a bonanza to me when I was in a pretty bad condition. I had backache, indigestion and sluggish kidneys. The kidney secretions were not normal and caused me inconvenience. There was also more or less brickdust sediment and they were of a reddish and unnatural color. I also had spells of dizziness and severe headaches. My back ached after a hard day's work and often it was as much as I could do to get home in the evening on account of my back pain. I was so across the kidneys by accident I came across an advertisement about Doan's Kidney Pills and thinking that they might help me, I procured a box at Sidney Kahn's drug store, No. 9 South Palafox street. The first box helped me wonderfully and I continued the treatment. The secretions from the kidneys were entirely corrected and backache became a thing of the past, while the indigestion from which I had suffered was relieved, as well as the headaches and dizziness. I can say both from experience and observation that Doan's Kidney Pills are a reliable kidney remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
